

WINNIPEG SOCIETY

VERY SEVERELY CALLED DOWN

Ralph Connor hands out a few earnest thoughts to Winnipeg women.

Winnipeg, May 8th.—Rev. C. W. Gordon the famous novelist known as "Ralph Connor" the author of "Black Rock" and other notable works, made some extraordinary statements in his pulpit of St. Stephen's Presbyterian church last night. He said people were heartily sick of sermons to young men, it was the young women that needed speaking to. His delivery on Winnipeg Society has created a tremendous sensation.

Speaking of the lust that threatens Winnipeg the preacher said "It seems a strange thing that the growth of wealth may have a great deal to do in weakening the relations of the sexes. You have a growth of those things which constitute an attack on virtue and you invite things that make for sin and lust and this is true in Winnipeg society. Blame must be laid on the married women of society. It is said that young men are to blame who are found dangling after married women as lovers. No man would dare, by any act, to suggest what is improper to a married woman unless she gives the invitation. Is it not time we separate the clean from the unclean? Is the time not come, or must we go farther and sacrifice more of our homes and lives or is the time come when wives will remain pure and keep their hearts for their husbands? Is the time come when these who differentiate among those who constitute society and refuse to associate with those who pander to lustfulness and with those deprived in heart who sacrifice on the burning altars of their own lusts the purity of young men and women I am hoping the day is coming when sufficient of our society leaders will say 'We will not have any women in our houses whose life is not spotless and who are not absolutely without taint. Then they will have to go to their own set and depart to their own places. If I had stronger words I should attach them deliberately to the names of women in this city who rank in the "first" sets of society. I will attach blame to them. They are responsible for our slums, saloons and brothels. These so called respectable ladies are responsible for the decay of virtue and the alarming growth of just in our fair city.

Edmonton and Strathcona Rifle Associations.

Arrangements have been made between the Edmonton and Strathcona Association for the accommodation of the latter on the Edmonton Association range, the target accommodation on which has been doubled on this account.

A joint practice, the first regular practice of the season, was held on the range on Saturday, which was attended however, by only a few of the members of such association, as the long-awaited ammunition only arrived on Friday evening and notice thereof was only received on Saturday at noon.

Scores were low, but this was on account of several members using new rifles or those they had not previously tried, necessitating the adjusting of sights, etc. As practice was late in starting, having to await arrival of ammunition from Strathcona, the 600 yard range was found hard to negotiate on account of change of light.

Following were the top scores—

200 500 600 T.L.

J. Carmichael, Strathcona 27 27 21 25
W. J. McKenzie, Strathcona 27 23 21 21
Gen. A. Reid, Edmonton 24 26 19 29
A. Davis, Strathcona 25 21 21 27
W. A. Osborne, Edmonton 30 16 20 26
A. H. Bedford, Strathcona 31 20 13 24

An all-day shoot will be held on Arbor Day, 12th inst.

HOW ROBLIN GAGS THE ELECTORATE.

While the opposition journals are trying to distort the results of a Manitoba provincial bye-election due to an indication of Territorial opinion on the policy of the Federal Government, the Winnipeg Free Press in the following article, reveals the real method by which Premier Roblin holds power in that province, by which the bye-election in Manitoba was won.

The Manitoba voters' lists are based upon a system of personal registration. This law dates from 1902. A man, if he is in the constituency, must present himself personally at the registration booth and register, unless he is too ill to attend. In that case he can be registered by proxy. Absentees can also be registered by any person who can make a declaration that their personal knowledge they, though entitled to be registered, are absent from the constituency.

The elector who presents himself at a registration booth has to answer a long list of interrogatories, the answers to which are written down; then he has to make a declaration. Experience has shown that only from 15 to 20 names can be registered during an hour. In one registration district in this city in 1903 it took six days working from 9 in the morning to 10 at night for the clerk to record some 350 names.

The first lists were made under this system in May, 1903, just prior to the local general elections. For the purpose of that list, every person had to register personally, and booths were established in every registration district and kept open from Monday morning to Saturday night. The time was too short, however, and the lists that resulted were defective in that many names that should have been on them were absent.

When the present Provincial franchise act was placed on the statute book, it provided for the making of Provincial lists by personal registration only before every election. The list made for a general election remained available for election purposes for a year and then lapsed.

The lists upon which the local elections of 1903 were fought would therefore in the ordinary course of events have ceased to exist in July, 1904.

But at the session of the Legislature in 1904 the law was changed. By this it was provided that the lists should be kept permanently in commission by an annual revision. Names were to be carried over from the old list unless appealed against; and new names were to be added by personal registration as in previous years.

In 1903 the registration clerks were appointed by the County Court Judges sitting as a Board of Registration; by the law of 1904 the Government took this power away from the judges and assumed it itself. One registration clerk was appointed for each constituency, but he travelled from point to point, receiving applications and putting in many days at the task. In country constituencies from 8 to 18 days were given up to this work.

The revision of 1904 was a move in the game of Dominion politics. Under the Provincial Franchise Act the Dominion uses the Provincial lists for Dominion purposes in those provinces that have permanent voters' lists.

By providing for the revision a year ago the Roblin Government made the Province's list available for Dominion purposes. In short they undertook with the provincial officials to make a list for the Dominion election which was known to be impending.

The Manitoba Liberals protested to Ottawa against this action of the Manitoba Government, and asked that legislation be passed providing for the making of new lists for Dominion purposes. In the expectation that this legislation would be forthcoming, not much attention was paid by the Liberals to the local revision a year ago, with the result that the lists were loaded against them to the extent of many hundreds of votes.

HOW ROBIN GAGS ELECTORATE

Continued from page two

As the expected legislation was not passed at Ottawa, the Dominion elections had, after all, to be fought on the provincial lists. Despite this handicap the strength of the Great Trunk Pacific issue carried the Liberals to victory.

The Liberals, in anticipation of a possible local election, determined to make a thorough revision of the lists this spring. They intended to get the names of hundreds of Conservatives on the lists removed, and to submit a complete registration of Liberals who are not at present on the lists.

This is the local government does not desire to see done. It is determined to keep the present lists, which are favorable to the Conservatives, by thousands of votes.

As nearly as possible for another year, and for this purpose registration is being made impossible.

It accomplishes this by these means:

1. Appointing only one registrar in each constituency.

2. Appointing only one point for personal registration in each constituency.

3. Keeping this booth open for only 7-1/2 hours.

By fixing only one registration booth it makes it impossible for any large number of electors to represent themselves for registration.

If by a miracle a large number of electors should assemble at the booth they wouldn't be registered in the time allowed. Not a hundred names could be added at most in the seven and a half hours which the registration booth will be open.

The following table shows the extreme distance that must be travelled by electors in order to register on June 1:-

THE LUMBER TENDERS.

Edmonton, May 6th, '06.

Editor's Bulletin.

Dear Sirs:—We would respectfully call your attention to the very misleading statements which appear in your issue of Friday, May 10th, regarding lumber prices submitted to the city of Edmonton.

You stated that when the tenders were first called for by the city the price quoted was \$3.00 per thousand less 20 per cent for the cheapest grade of Spruce. We beg to inform you that your statement is not correct, but that the price submitted by our firm was \$18.50 per thousand less 7 per cent, a difference of \$4.50 per thousand on the named price, or a difference of \$12.00 less per thousand on the net price.

At least \$100 must be expended on the claim each year or paid to the locator who is recording in the same.

When \$250 has been expended or paid to the locator may, upon having a survey made, and upon complying with other requirements purchase the same at \$1.00 per thousand.

For a grant may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding 10 per cent.

Placer Mining, Manitoba and the N. W. Territories in the Yukon Territory. Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly.

On the North Saskatchewan river claims for either bar or beach the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the bank of the river, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

In conclusion we might state that we think the press might exercise a little more care in getting correct figures when they discuss tenders submitted on city business.

Thanking you for your valuable space we remain,

Yours very truly,

W. H. CLARK & Co., Limited.

Per C. G. Robson, Sec-Treas.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 32 acres can be acquired by one individual or company. Royalty, at the rate of 10 cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—Persons of eighteen years and over and joint stock companies holding a miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one year, renewable annually. Upon payment of advance of \$7.50 per annum for an individual and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out with two legal posts bearing location numbers on each end of the line of the node or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the locator who is recording in the same.

When \$250 has been expended or paid to the locator may, upon having a survey made, and upon complying with other requirements purchase the same at \$1.00 per thousand.

For a grant may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding 10 per cent.

Placer Mining, Manitoba and the N. W. Territories in the Yukon Territory. Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly.

On the North Saskatchewan river claims for either bar or beach the former being 100 feet long, and extending between high and low water mark. The latter includes bar diggings but extends back to the bank of the river, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

In conclusion we might state that we think the press might exercise a little more care in getting correct figures when they discuss tenders submitted on city business.

renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the payment of a royalty of one-half per cent on the value of all minerals or personal property obtained for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leaseholds.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained a lease for one mile or more, or have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leaseholds.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained a lease for one mile or more, or have or who may receive entries for bar diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leaseholds.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, the boundaries to be fixed by his position on the first day of August in the year of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

The lessee shall have one dredge in operation within one year from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per mile for first year, and \$10 per mile for each subsequent year. Royalty for each subsequent year, \$10 per mile.

abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$20.

A certificate that work has been done must be obtained each year; if none the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notice in the Yukon Official Gazette.

Hydraulic Mining, Yukon Territory—Locations are made for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for two years, provided the ground has been prospected by the applicant or his agent; it is found to be unsuitable for hydraulic mining, and does not contain within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent, of the value of the gold shipped from the Territory are charged. Operations must be conducted within one year from the date of the lease, and any amount less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unopened land for agricultural and building purposes.

Petroleum—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory are open for petroleum mining for petroleum and the Minister may reserve for an individual or company having machinery on the land to be prospected an area of 640 acres. Should the prospector find oil in paying quantities and satisfactorily establish his claim, he may, notwithstanding his lease, sell or otherwise dispose of his interest in the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order in-coupage.

THE NEWS OF TO-DAY

HOMESTEAD ENTRIES

IN CONDENSED DESPATCHES.

Brief Items from many sources tell the story of the day's events.

WINNIPEG BUILDING FELL.

Winnipeg, May 8.—The old Kastner building, on Notre Dame Avenue, near garage church, fell with a deafening crash in the street and sidewalk at church time last evening. Marvelous to relate, the avenue was crowded at the time, but no one happened to be immediately under the debris, consequently no one was hurt.

SEIZED THE PODDER.

Charlottetown, P. E. I., May 8.—Owing to a dispute between the Dominion and the Island, the Federal Government is imposing hundreds of tons of hay. The warehouses are locked and the farmers are howling for feed. The provincial authorities threaten to use force this afternoon.

A TRIANGULAR CELEBRATION.

Paris, May 8.—A cloud has arisen over the coming Anglo-Franco-Spanish celebration. The Germans are fomenting the Spanish people against the entente, but King Alfonso resolutely persists in visiting here with his ministers.

THE CZAR IS displeased.

St. Petersburg, May 8.—The government's disclosure of the Zemstvo Congress and its economic and financial project, has resulted in papers being forbidden to mention them. At the same time the authorities dispersed a meeting of engineers. Their convention will have to be held in Finland.

ARCHBISHOP IN MONTREAL.

Montreal, May 8.—Archbishop Langevin, who is here attending the consecration of Mgr. Racine, his uncle, says: "The minority in Manitoba will fight for their rights and will keep on till they get them."

THE RUMOR REVIVED.

Ottawa, May 8.—W. F. McInnes, it is said may be Commissioner of the Yukon. He has arrived here.

TORONTO WILL HAVE ONE TOO.

Toronto, May 8.—The Grand Trunk machinists will go on strike Monday.

PRINCE ALBERT JUBILANT.

Prince Albert, May 8.—Gold has been found on the bar in front of May street. The dredgers are jubilant.

RUSSIAN JEWS FOR AMERICA.

New York, May 8.—It was announced today that 90,000 Russian Jews will emigrate to America this year.

ANOTHER WINNIPEG SUICIDE.

Winnipeg, May 8.—Harold F. Anderson, a young Danish immigrant, despondent and out of work, committed suicide by hanging himself by a piece of wire from the guard rail of a culvert at Bergen, seven miles from Winnipeg.

MINISTERS BORE THE COFFIN.

Winnipeg, May 6.—The funeral of Hon. J. Sutherland took place this afternoon. Special trains conveyed Ministers and Parliamentarians to the graveside. Six ministers were pallbearers.

WERE FAR MORE THAN LAST YEAR.

Most Districts in the Territories Showed Heavy Increases over Last April's Returns.

Ottawa, May 8th—There were 3,791 homestead entries made during April an increase of 1,463 over April of 1904. Regina leads the list with 1,111 nearly double the number of last year. Battleford comes next with 550 over 40 increase. Yorkton 510 an increase of 200. Edmonton 318 an increase of 135. Red Deer 320 an increase of 97. Prince Albert 230 an increase of 100. Calgary 247 an increase of 147. Lethbridge 213 a decrease of 28.

APPRECIATION.

APRIL 25th, 1905.

H. F. SANDEMAN, Esq.

Agent for the Norwich Union Fire Insurance Co., Strathcona.

DEAR SIR.—Allow me to express my appreciation of the courtesy and treatment I have received at the hands of the **Norwich Union Fire Insurance Society**, in which Company I carried Insurance at the time of the Fire in my Hotel on March 30th last.

The way the Company settled Claims is most satisfactory to a Policy Holder, for it loses no time, as a full settlement of my Claim was in my hands within **Three Weeks** from the date of the Fire. Wishing your Company all the success it deserves.

I beg to remain, yours truly,

(Signed) **WILSON PYPER.**

SANDEMAN & DAVIES, Local Agents for Edmonton
Opposite the Post-Office.

THE WORST KIND.

After Piles have existed for a long time and passed through different stages, the suffering is intense—pain, aching, throbbing, tumors form, filled to bursting with black blood. Symptoms indicating other troubles may appear to a thoroughly Pilesick person.

This is when Dr. Leonhardt's Hemorrhoid, the only absolute Pile cure, brings the result that has made its fame.

It will cure the most stubborn case in existence, and a bonded guarantee to that effect goes with each package.

It is to be had for \$1.00 at the drug store, or from The Wilson-Pyle Company, Limited, Niagara Falls, Ont.

JAPANESE PROTEST

AGAINST VIOLATION OF THE RULES.

Claim Rojestvensky has been allowed to remain in French territorial waters while waiting for Nebo.

London, May 8th—Japan is again vigorously protesting against the French breach of neutrality in permitting the use of the French colonial waters by Rojestvensky. It is stated that all the time Rojestvensky was waiting for Nebo, he was in French territorial waters. The Russians believe the two Admirals have joined and will successfully arrive at Vladivostock even though Togo may destroy half their convoys. Fifty Russian ships were despatched off the North West coast of Borneo. Though the lights were burning the fleet was stationary and it is supposed was cooling. Oyama is pressing the Russians right along the Liao river north of Pakman, as if he is beginning a general engagement.

ORDINATION SERVICE.

There was a large attendance at the ordination service in St. Albert yesterday afternoon when Father Bourque was ordained. Bishop Legal conducted the service assisted by Fathers Norian and O'Keiser. Royal Mass was celebrated with the Kyrie by Mr. Bilodeau, the Gloria with S. Lourin of this city, Gredo by Mr. Lamoureux, Offertory by Mr. Bilodeau and choir. The sermon was preached in French by Rev. Mr. Dorval.

CRICKET NOTES.

There will be a meeting of the cricket club open to all tonight at 8:30 sharp, in St. George Jellett's office for the purpose of appointing a captain and a vice-captain.

Next Friday a team chosen by A. H. Jones will play against Edmonton on the exhibition ground. Arrangements are being made to begin at 11, and to serve luncheon on the field.

Edmonton was successful in the game with Strathcona on Saturday. Following are the full scores:

ONE of the advantages of the Cuban tobacco I procure, is that it is almost entirely cured by nature.

The climate is so hot that the tobacco sweats naturally—so leaf is ripened uniformly and the subsequent process of curing favorably promoted.

With the exception of the recipes in Cuba it is pretty thoroughly cured and preserved—and its fragrant aroma developed by having been slowly fermented. I allow it to remain in my warehouse from 2 to 3 years, until it has sufficiently aged and has that mellowness that age alone can give. It takes a lot of study and experience to know when Havana tobacco is not right. Pharaoh tobacco is always just right.

DEATH DUE TO BLOWS

VERDICT OF CORONER'S JURY.

Body of the Galician found near Cochrane and Marks which convinced the Jury of Murder.

From the Calgary Herald:

Seated in a wagon, beside a clump of bushes, in the open air by the banks of the Bow River, near Cochrane, Coroner Sanson yesterday forenoon began an inquiry into the facts relating to the death of the Galician, Wassell Sodory, a C. P. R. section man, who disappeared suddenly and mysteriously on the evening of September 20, 1904, and whose body was discovered under a heap of stones on May 3, few yards from the spot where the inquest was held.

The identification of the body was definite and positive, and the testimony left no doubt that the victim had been foully murdered, probably after a fierce struggle.

At 10 o'clock Coroner Sanson empanelled a jury, consisting of Adam Dugleish, foreman; Ralph Hobbs; Charles Grayson, A. J. Murphy, A. McEwan and J. Howard.

Farl Shattuck, a lad, deposed that he and William Barrett, Jr., had gone to the Bow river to fish on Wednesday. He was seated on a pile of stones by the side of the river

when he noticed the head of a dead man partially hidden by the rocks. Considerably alarmed, he and his comrade hurried away and reported their discovery.

Young Barrett corroborated this. Wm. Barrett, section foreman, testified positively that the dead man was Sodory. He recognized his overalls, and a peculiar razor-like knife which was tied to the clothing.

George, a boy of the section crew, who had known Sodory well, also identified the body. He swore to the hair, the round shoulders, the shirt, the overalls and the knife.

Ernest Anderson, who has charge of the meat department at Fisher's store, and who was probably the last man, except the murderer, to see Sodory alive, and Peter Chisholm, a fellow-workman, also identified him.

The testimony of the medical men was interesting and startling. The body was well developed, the organs normal and the face clean shaven. The right hip was bruised as if by dragging and the outer surface of the right leg was severely abraded.

The soft tissues of the face were undisturbed by the pressure of the mouth.

But into the mouth had been thrust a stick, evidently as a gag. The hair was matted with blood, the skull was fractured and the shirt, also was soaked with blood.

There was marked congestion of the soft tissues of the neck, probably an indication that the victim had been strangled during the course of a struggle.

The jurors returned a verdict that death was due to blows on the head inflicted by a person or persons to them unknown.

Then came the burial of the dead man. His body was placed in a coffin and lowered into a grave dug a few yards away from the spot where it was found.

A TORONTO MAN TRIES

SOMETHING NEW AND IS DELIGHTED. FEELS LIKE A BOY.

Mr. M. N. Dafoe, Manager The Dustless Brush Co., 29 Colborne St., Toronto, is telling his friends how he found health after years of illness and pain. He says:

"I have been a great sufferer from Dyspepsia for many years. I have been treated by local doctors and have taken nearly all the advertised remedies with only temporary relief, if any at all, but since using Anti-Pill I can eat anything the same as when a boy. I have been taking one Anti-Pill at bedtime for the past three months, and find they regulate both stomach and bowels. My old time vigor has returned, so that my spirits are up again and temper normal. As a result of this improved for experience I am in duty bound to give all credit to this wonderful remedy, Anti-Pill."

Every druggist sells Dr. Leonhardt's Anti-Pill, or a sample will be sent free by The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

LOCAL

Train on time.

Prob—Fine today and Tuesday.

Lacombe's population is 950.

Harold Jarvis sings in the rink on Friday evening.

The lacrosse team plays at Strathcona tomorrow.

Hon. F. W. G. Haultain has returned to the East.

Friday of this week is Arbor Day, a general holiday.

Public meeting in Robertson hall this evening for the discussion of civic affairs.

Saturday's train was unusually heavy, a large number of American immigrants being aboard.

A large outfit goes north this week to the Peel River country for the firm of Bishop and Nagle.

There will be a game of baseball on Arbor Day between Fort Saskatchewan and the Edmonton team.

There will be a light work out of the lacrosse team this evening on the old Hindon Bay grounds.

Father Jan has succeeded Father Leduc as parish priest here. Father Leduc will lead St. Joachim's choir in the future.

Work is progressing rapidly on the rebuilding of the Windsor hotel, Strathcona, which was partially destroyed by fire a short time since.

An concert meeting of the choral society will be held tomorrow evening in Alberta College at 8 o'clock. Full attendance is requested.

The members of the Presbyterian church choir together with the teachers of the Sunday school will hold a picnic at the Great estate next Wednesday.

One of Potter & McDougall's buses broke a wheel at the bridge on Saturday while bringing a load of passengers from Strathcona. No one was injured.

Thursday's Free Press has a lengthy report of a snow storm which was general throughout Manitoba that day. Northern Alberta has had no snow since February.

Mr. A. D. McQuarrie desires through the Bulletin to express his thanks and the deep gratitude he feels toward those who cared for his son, the late George McQuarrie, and especially to Mr. and Mrs. J. A. McDougall.

Lubbock Bros. are reported to have bought a large block of the Lubbock property in Strathcona. This property lies east of the road to Edmonton and has a splendid view up the river.

A heavy wind prevailed yesterday and during the night. This morning it changed to southerly and increased in strength. At noon it was blowing a gale and the air filled with flying dust, a novelty and a very unpleasant one for this part of the west.

The largest herd of buffalo in the world, 400, may be moved to the Milk river country in Alberta by Hon. W. E. Eaton. The advanced settlement of the Flathead reservation in Montana forces them to remove.

The base ball team will hold a practice on their new grounds north of the cartage barns this evening. After the practice a meeting will be held in the Windsor hotel. There is important business to be transacted and a large attendance of the club members is requested.

Messrs. Rev. H. A. Gray and H. C. Taylor of the public school board, visited the Queen's avenue school on Friday. The fire alarm was sounded to test the efficiency of the fire drill. The people were altogether unaware of the intention of running them out the entire school was emptied in one minute.

Ponoka Herald: Two survey parties left town this week, one under the charge of Geo. Edwards, going west to St. Mary Lake, 170 miles south-east. The other party, under G. J. Loughran, are going north-west, in the neighborhood of Pigeon Lake. A number of town boys are with the parties, who expect to be away for at least six months.

Two young French priests Fathers Molson and Bousso came in last Saturday intending to go north to the McKenzie country with Bishop Braynay when he returns from Europe which is expected soon. They are both members of the O.M.I. and were secured by the bishop while in France to assist him in his mission work in the far north country. It is understood there are several more coming in the near future and that a school will be established upon the return of Bishop Braynay.
